EDMONTON, ALBERTA, WEDNESDAY MAY 6 1908.

ALBERTA'S FIRST MUSIC FESTIVAL

Concert by Massed Choirs and Young Competitors a Splendid Success.

Alberta's first Musical Festival which has been followed with so much interest and enthusiasm from its inception, was a resounding success last night at the concert in the Thistle Hall. It was the greatest success that Alberta has ever had. Canada has yet known, drawing talents from various points in the provinces, between the Rockies and the southern boundary. Not all portions of the provinces were represented, the Prairie provinces, however, had not yet been so marked that many will undoubtedly see many more.

The large auditorium of the Thistle Hall presented a memorable scene last night. The hall was filled and decked out by handi-crafting, and rich skin skins, according to a happy western custom, adorned the walls. About 1,500 persons were in attendance, filling the auditorium, and affording a keenly interested audience to the various performances.

These were massed at the stage-door of the theatre—two rows in the orchestra, several of the city's minstrels who had come to the city, and the like went heartily into the Festival scheme in a most praiseworthy desire to make it a success.

The concert began after the Lieutenant-Governor entered, the Hon. Mr. A. E. Ross, and his suite. His party included Mrs. Bulley, Miss Babbit, Mr. Babbit, Mr. Rhys Thomas, and Mr. Mathews. The last two being the adjudicators of the competition, who have been selected to express their judgment of the standard of music met by them throughout the competition.

The program began with an excellent rendering of Mendelssohn's "March of the Priests" by the orchestra.

The various numbers by the choirs of 200 voices, accompanied by the orchestra, were most brilliant and stirring, the concluding number, "Barbary's Son to the Lord," surpassing its former in grandeur. The choir conducted in a most able manner, adding a great success to the long list of achievements in the field of musical art in Edmonton. The parts of the choirs were exceedingly well balanced, and the expression was most perfect. Both tone and expression were splendid, and each number was a new delight to the last.

Personnel of Winners.

The winning soloists and quartettes were singing, and quartettes all received very hearty encores. Of the soloists, Miss Susie Marshall, of Dayton, Ohio, and the concluding number, "Barbary's Son to the Lord," surpassing its former in grandeur. The choir conducted in a most able manner, adding a great success to the long list of achievements in the field of musical art in Edmonton. The parts of the choirs were exceedingly well balanced, and the expression was most perfect. Both tone and expression were splendid, and each number was a new delight to the last.

M. E. W. Hunter, a man of education, and a man of ability, belonging to a number of musicals—the Welsh. Edmonton is fortunate in having a number of Welsh singers who have come to the city in the past five years. It was the Welsh quartette, led by Mr. Morris, that was the most brilliant in that class, though it must be noted that the resonant low voices in this quartette were the most brilliant.

A male choir, consisting of voices from four of the city church choirs, sang "The Welsh March" in a thoroughly enjoyable way. Two excellent numbers were M. J. Jackson's "The Welsh Chorus" in Kunk's "Evening Song," and the Wetsaskiwin double mixed quartette, "Hawthorne's 'Night is Falling."

The programme in full was "March of the Priests" (Mendelssohn).

STRATHCONA NEWS

STRATHCONA'S COUNCIL HAS A QUIET SESSION

Promotion of a Sanitary Law Appear Before the City Council. No Action for Cessions—By-Laws Passed. But Date of Mayoralty Election Not Yet Fixed.

Strathcona's regular weekly council meeting took place last night and was marked by an unusual quiet, in marked contrast to the recent sessions. The chair was occupied by Acting Mayor Richards, and all the aldermen but Mr. Cameron were present.

The Deputy Minister of Public Works wrote stating that the fittings over the bridge at the mouth of the Bow as asked for by the council would cost much more than estimated by the department.

John Cameron, of Edmonton, appeared and asked that the city government make a new level crossing, which they made conditional upon granting \$300 towards the cost.

The City Engineer is to go into the matter further with the deputy minister in a public way in a few minutes after 6 o'clock.

Captain Cartwright appeared with no record on account which he had against a man employed by the city hall market and police, and he was turned in to the hospital, and he hoped that it should come to light. He stated that the same subject was referred to the market.

Site For a Sanitarium

L. Hamond, of Edmonton, appeared and spoke in commendation of the Sanitary Law which was passed in Edmonton. It had been felt for a long time that a site outside the city was needed for a sanatorium. The building contemplated would be \$40,000 to 30,000 dollars high and the site would be \$10,000. The total cost would be \$50,000 outside of the land, paying the grounds and labor in connection with the work. The sanitarians were under the contract of the city of Edmonton, and the city entirely independent of the hospital.

There would be no hospital in the new building, no electric and exemption from taxation. Less than one acre could be given to the hospital, and the rest would be on the north end of Mr. Pearce's property at Grand View Heights.

Mr. Hamond spoke briefly, also saying that the management of the Sanitarium had looked over the site in the Grand View Heights, and they could get part of the ravine to the north of it, which belonged to Elmer W. Miller.

The matter was referred to the industrial committee to look into the report.

The Communications.
D. Brown, of the telephone company, called at the post office damaged, etc., by a recent flood in the collection box. The letter was referred to the city collector and the city engineer.

S. Edwards, government telephone superintendent, wrote that all requests for telephone service to the public were to be made to the telephone department. The papers were asked to make a lead to this effect.

The Watkinson city clerk asked for information as to location of Opera House, etc. Mr. Palmer, of the city engineer's office, gave the information.

A. T. Moore, secretary of the public school board, who had been on the board of T. Taylor, on May 4, 1907, \$100 to gratify such requests, notwithstanding breaking of the fire limit law, the master was left over till next year.

A. T. Moore, secretary of the public school board, who had been on the board for the year 1908-09, \$20,000. The letter was filed.

The Accounts.

The accounts in the week were submitted as follows: Mr. McLean Co. \$741.96, Wire and Cable Co. \$8125.10, Northern Electric Co. \$1000.00, McDonald Co. \$4.36, Strathcona Coal Co. \$1211.81, Mr. Lee \$100.00, McLean & Co. \$2.00, McComb's Hardware Co. \$18.43, H. Gray \$1.00, C. C. Cameron & Lawrence \$17.93.

Total Reports of Committees.

Alderman Baslin, of the industrial committee, reported that the F. & F. V. Co. had proposed to build a factory, that the men had taken up a plot of land for a factory near the park, laying out a plot of land.

Unfinished Business.

The Mayor reported that the Exhibition Association had accepted the offer of the council of a plot of 50' by 50' for the use of the grounds for a public park, laying out a plot of land.

The report of lease numbering was brought up by a letter from Mr. Colton, of Wisconsin, and was left over until the arrival of Mr. Colton.

By-Laws Considered.

A by-law to authorize the borrowing of \$31,454.45 to meet current expenses of the city was passed. This by-law was passed.

A by-law returning of the purpose of holding an election to fill the vacancy in the office of the council of a plot of 50' by 50' for the use of the grounds for a public park, laying out a plot of land.

A motion was passed that the sec-

etary-treasurer advertise for sale the debtors already passed by the ratepayers.

The street sprinkling question was introduced by the Mayor. He said the fire department had been used for that purpose, but was not effective.

After some further discussion the case was adjourned till a week from to-morrow.

New Telephone Building.

Recommendations were read from the public school board and submitted as follows:

That the city tram be used for that purpose, but was not effective.

2. That hoses be opened up in the city to allow the consumers to get into the backs of the lots.

The Automatic Telephone Co. have agreed to plant the plant within thirty days and their end of the work will be done by the 15th of June.

A big amount of wiring, consisting of poles, etc., throughout the city.

AROUND THE CITY

WANTED BIG MONEY.

Eastern people and eastern publications sometimes have rather exaggerated stories in regard to the conditions in the West.

An example of this was drawn to the attention of Mayor McDonald on the part of a man in Detroit, Michigan, asking for employment.

After some further discussion the case was adjourned till a week from to-morrow.

BY ITS RESULTS.

The resolution introduced by Mr. Monk calling for the abandonment of the bonus system accomplished a purpose far other than its author had in mind by bringing out clearly just how bad the immigration policy of the Dominion had been and is being under the bonus system.

To induce them to direct the stream of desirable immigrants to Canada, the Government pays a bonus to ticket agents in countries from which it is thought immigrants can be most likely sent to us as immigrants, carrier, farmer, railway master and domestic servant. The countries in which the means of securing immigrants have been adopted are Great Britain, Norway, Sweden, Denmark, France, Belgium, Germany, Switzerland and Austria-Hungary.

For the nine months of the last fiscal year we paid in bonuses \$12,007 and received \$20,000 in return. It is only a token payment in respect to a bonus paid. Since the bonus system was adopted we have paid altogether \$124,000 and have received only \$20,000 in return. This is to say, in one period we have paid bonuses on twice the amount. But as far as we paid on only one in twelve it is clear the proportion on whom bonuses are paid is decreasing, or that the proportion on whom no bonus is paid is increasing, and vice versa. On the other hand, we are getting more value for our money each year.

From Great Britain we received during this nine month period 111,000 people. Bonuses were paid on 11,000, or thirteen per cent. of the total. From the United States we received 46,000 people, and paid bonuses on 2,000 or 5 per cent. From all other countries we received 77,000, and paid bonuses on 10,000 or 13 per cent.

During the preceding year we paid bonuses on 15 per cent. of British immigrants, 7 per cent. of United States immigrants and 2 per cent. of the newcomers from other countries.

There is a general recognition of the practice of immigrants of each class on whom bonuses are paid, as well as on the total volume.

The purpose of the immigration policy being first to settle immigrants and then to provide for the welfare of the immigrants. In the last fiscal period we paid bonuses on 14,000 British immigrants, and 10,000 immigrants from the United States numbered 5,200. The average family at the time was of the West country, 2.5 persons. These home-senders therefore represent a population of 33,000 people. That is to say, one of the classes of whom bonuses were paid about as many British people as there were in the United States.

The United States immigrants are unfamiliar with the English language and the institutions of the country; the large majority of Canadian immigrants are English speaking, familiar with the English educational element of our immigration is of agricultural classes who settle upon our vacant lands, turning them into use and thereby creating work and business in our centres of population.

The United States cannot assimilate its new population without affecting its social character; Canada can assimilate its new population without destroying its original character.

The United States would exclude the majority of their immigrants if they could find a better international reason for doing so; Canada would do the same if her immigrants of the same race and tongue as her people.

Tested by its results the bonus system as administered by the Canadian Government is a failure. The percentage of immigrants of the same race and tongue as her people.

When Canadian Produced Workers

Sir Wilfrid Laurier closed the debate with a picture of Canada as the "land of opportunity." That had been, he said, a continuous procession of immigrants from all countries, and to Ireland (which had sent half her people) in the category of the most backward portion of their population, stod Canada.

In 1906 there were 4,671,515 immigrants to Canada, and the American census of the year showed 18,500, who had been born in Canada, and 1,000,000 in the United States.

Thus in the last century,

the population of Canada did not increase.

Canadian mothers

would have been too old to bring up their offspring only to

people an alien land.

They did not therefore have this result.

Of the 350,000 people who came to Canada last year, 111,000 were from Great Britain, 46,000 from the United States, and 77,000 from other countries.

Thus the British people have constituted 42 per cent. of our immigration; people from the United States 18 per cent., and all others 32 per cent. It is difficult at least to discern how reasonable the basis for the political argument of the loss of British sentiment or the destruction of Canadian ideals.

In 1906 Alberta had a population 185,000. Of these 111,000 were British, and 46,000 were people from the United States. The percentage of foreign born people in the following years were:

Alberta 15 per cent.
Saskatchewan 20.6 per cent.

Manitoba 13.3 per cent.
Ontario 3.4 per cent.
Quebec 2.3 per cent.
New Brunswick 1 per cent.
Alberta 1.4 per cent.
P. E. Island 0.7 per cent.

In 1901 for which the complete figures are available foreign born people constituted only 5.5 per cent. of our population.

Indicated to compare with these figures the percentages of foreign-born people in some of the United States in 1900:

Massachusetts 39.2
Rhode Island 31.3
Connecticut 22.6
New Jersey 22.6
Minnesota 29.9
Wisconsin 21.8
North Dakota 35.4
South Dakota 22.3
Montana 21.2
Washington 21.2
California 21.7
Nevada 23.5
Montana 23.5

No Canadian Province for which figures of 1900 are available, except the percentage of foreign born people is as high as in any one of the States in 1900. For the whole of Canada in 1900 there was one foreign-born person in every 29 of the population; in 1901 one in every 50, and in 1902 one in every 52.

First, it was an act of Quebec.

Second, Ontario had not the same chance to settle in the west as the newcomers from across the line and even the eastern provinces had.

Third, the immigrants were less; and it was replied that it was not the best place to settle in the west.

It might have been true, but the proposal to settle in the west was not made.

The proposal was defeated.

EDMONTON BULLETIN, WEDNESDAY, MAY 6, 1908.

IMMIGRATION AND THE LABOR MARKET

Ottawa, April 25.—The debate on Mr. Monk's proposal to stop the immigration bonus to ticket agents and allow people to go to the country with their families to direct, control and influence the influx of its sources as to give it an agricultural character was concluded in the House of Commons yesterday. The proposal was used as a means to cast in question the whole immigration policy; and the bill was defeated.

First, it was an act of Quebec. Ontario had not the same chance to settle in the west as the newcomers from across the line and even the eastern provinces had.

Second, the immigrants were less; and it was replied that it was not the best place to settle in the west.

It might have been true, but the proposal to settle in the west was not made.

The proposal was defeated.

BOOK OF COMMON PRAISE.
Some Anglicans are Against It, It is Reported.

Toronto, May 5.—After a committee of 21 persons, representing all shades of high and low church, in the Anglican Church, had been laboring for three years in the production of a book of common praise, there are signs that the country will not be able to accept it. The objection comes from those who claim that the wording of some of the hymns are Romish.

"It has been pointed out," said Hon. S. H. Blake, speaking of the committee, "to us a body of eminent churchmen, that the hymns in the book are not in accordance with the spirit of the church."

The proposal to settle in the west was not made.

The proposal was defeated.

TRIED TO BURN CATHEDRAL.

Mon. Wreck Bishop's Throne and Set Fire to Sacred Furniture.

ROMA, May 3.—Four religious rioters have broken out in Troia, in the provinces of Puglia, over the unification of Italy. The rioters, who wanted the eastern fauks to be separated from the western, were 100, and the eastern were 200. They were 200 people from place to place at the public expense. It might have been true, but the proposal to settle in the west was not made.

The proposal was defeated.

THE CATHOLIC CHURCH.

The situation will be better understood when the public becomes more familiar with the history of the papacy in past ages, especially when the eastern fauks who wanted the eastern to be separated from the western, were 200 people from place to place at the public expense.

The proposal was defeated.

THE CATHOLIC CHURCH.

It was said that the government's policy had had the effect of encouraging the status quo, especially in the eastern cities by introducing immigrants who flooded the labor market.

Smith, of Nanaimo, replied that by opening up the west the government had not only helped the eastern cities but the eastern industries which had resulted in better wages for all.

Indeed, and the eastern factories would have had no chance to grow had it not been for the government's progressive policy in settling the west. It was the government's policy that by opening up the west the government had not only helped the eastern cities but the eastern industries which had resulted in better wages for all.

Find Jewels Worth \$20,000.

Montreal, May 6.—A C.P.R. baggage man, Mr. J. A. Barrington, was at the station today, which proved to be worth thousands of dollars. On being asked if he had any gold, he said he had necklaces, bracelets, brooches, head ornaments, diamonds, pearls, rubies and other stones. He said he had a good amount of gold. It was ascertained that on Tuesday last an Englishman named John Barrington, a jeweler, was traveling through Canada with his wife and maid. Ex parte to the C.P.R. service, he had lost a bag containing jewelry, mostly heirlooms. Mr. Barrington's valuers the jewels at \$20,000.

AROUND THE CITY

LOCAL.

PERSONAL.

At the Police Court this morning George Saville was charged with the theft of carpenter tools and sentenced to one month at Fort Saskatchewan.

A. Archibald, druggist, has completed arrangements with the Canadian Pacific Co. to install a branch of their money order business in connection with his drug store.

The St. David's Society meets to-night at 8 o'clock in Club Hall, King Street, Avenue. All Welshmen are invited to attend.

D. P. McKittrick, of Eskimo, general manager of the Western Canada Cement Co., came up from the south yesterday and is a guest at the Alberta Hotel. He has 200 barrels of cement required for the city for which he is here.

The C.P.R. ticket office is advised that the C.P.E. steamship Empress of Britian reported 280 miles north east of Varna, Bulgaria, to-day. Passengers will arrive at Remenek at 11 o'clock Thursday. The C.P.E. steamship Lake Champlain will arrive at 12 o'clock Friday at 3 p.m. and will arrive at Liverpool to-morrow.

The Separation School Hall on Friday night, May 8, is pleaseing to the public at the All-Canada Hall in and the Orphanage there. Unique features of the entertainments were the numbers of the boys' band and girls' choir, both from the Industrial School. These selections will be repeated here.

DEMAND FOR TEACHERS.

The Alberta Normal School teachers at Calgary are now engaged in marking the examination papers of the candidates at the Normal School examinations held recently, and the results will be known to-morrow. Mr. J. A. McKechnie, deputy minister of education, stated that the demand for and the supply of teachers in the province was about equal. Most of the new teachers from the Alberta Normal School have now been appointed. The great difficulty experienced by the department, however, is in securing enough districts. Many summer schools are being opened in the province this month.

SUCCESSFUL POULTRY MEETING. A large attended and very successful meeting of the Alberta Poultry and Pet Stock Association was held on Monday evening, May 5, at the Hotel Alberta, 101 1/2 Street and the editor, Mr. Frankendes, and manager, Mr. C. C. Fairchild, were in attendance.

Henry W. H. Young, Minister of Agriculture, was in town today looking over the provincial public works being carried on at that part of the province. He was here to inspect the police surveillance. This unfortunately was a boarding house, and in persons, necessitating the detention of all exposed persons in this house and both hospitals, as far as was possible. All exposed persons have been discharged before this diagnosis was made. The trees ordered, while not yet in the ground, are of hardy varieties, which it is believed will withstand the winter well.

Mr. Duff, general agent of the Grand Trunk, who has his headquarters at Winnipeg, came on the C. N. R. on a business trip.

CAPITAL SPECIAL EDITION.

A special edition of the Alberta Herald, the official organ of the Alberta Poultry and Pet Stock Association, has just come out and the editor, Mr. Frankendes, and manager, Mr. C. C. Fairchild, were in attendance.

The special number is printed on fine paper book on which the numerous half-tone illustrations are splendidly reproduced. The paper is well suited for mounting any child to any school. For instance, the Edelweiss club and other German properties of Edmonton, the Alberta Poultry and Pet Stock Association delivered an address on the "Composition of the Egg" and A. W. P. Farnham, of the Alberta Poultry and Pet Stock Association, delivered an address on the poultry industry of the province. The poultry expert of the provincial government addressed the meeting on "How to Improve the Egg—its appearance and results." Following these addresses a general discussion of poultry matters was carried on. Numerous questions were asked regarding the best method of raising poultry.

At the annual meeting of the Alberta Poultry and Pet Stock Association, held here, the members of the association, the majority of whom are young, voted to send delegates to the meeting of the Alberta Stock and Agricultural Association at the Dominion Fair this week. The holding of the provincial poultry show was voted down. The annual general stock show was voted down.

These delegates will be appointed at the next meeting of the association on June 1st.

HOLDEN COMEDY CO. TONIGHT

"Nobody's Claim" is said to be one of the few sensational comedy-plays that please the ladies and children as well as the men. It is a comedy, though it is boisterous in movement, yet it is refined in tone, pure in thought and spotless in content.

It is a comedy of the genuine variety, with comedy through dramatic story and a well-woven plot, ending in a stirring climax.

The following programme will be given Friday evening, May 8, at the McDowell Church, on the 10th Street, and the public is cordially invited to come and enjoy this annual treat. The price will be only 45¢ per person.

Act I.—"The Song of the Market-Reading."—Mr. McBlodden (with musical accompaniment).—"That Old Sweetheart."—Mrs. R. D. Read.

The full programme will be given on May 7th.

TO-DAY'S GRAIN MARKETS.

Winnipeg, May 6.—The wheat market, today, while lower, did not drop as much as yesterday. Live wheat, with the same specific, effects, indicated the rapid crossing of an express train of wheat from the south, which, in forty miles an hour, so manipulated the market as to make it resemble a train that had been running all day, traveling. Since the advent of the "Express King," live wheat commands a high premium. The market, in view of truly human sentiments have appeared and "Nobody's Claim" is filling up a length of time, which, to those who enjoy the triumph of victory over victory with a few heavy laughs, may be a pleasant evening.

Canada has a welcome.

London, May 5.—Prof. Herbert Strong of the University of the Immigration League of Australia, who has been here to represent the Australian tariff, and have an idea that they are not wanted there, whereupon he has returned to Australia, "he says," are foolish not to fill in their country with whites, because they are not wanted there, and fight for their lives against Japan or Germany."

Council Rescinds Salary Increases.

Calgary, May 5.—A vote of six to five the afternoon at last night's city council meeting, rescinded the considerable increases in salary voted by the city clerk, chief of police, the city solicitor and the city engineer at the meeting on April 23. The only exception made was that of Maynard, who was given a 10 per cent. It was decided to refer the matter of increases in civic salaries back to the consideration of the finance committee.
